

HVAC Designers of Canada Monthly Update

January 6, 2024

January Technical Talk

Join us on January 15th as we discuss F280 and Overheating Guidelines. We will be welcoming Todd Backus, Manager of Programs Development at TECA to share on this topic. More information and the link to register here: <https://events.teams.microsoft.com/event/90a592ac-423b-4ef6-87a2-c5e0cd063234@86243c6d-7620-4481-aa01-72d2bf5848f7>.

HVAC Designer Registry

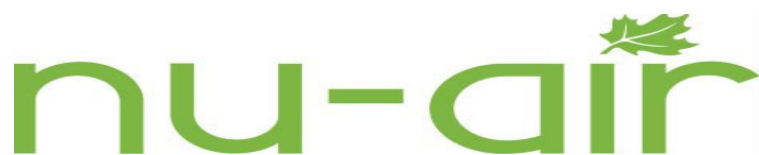

A few months ago, we announced our HVAC Designer Registry Project with support from NRCan. We have officially soft launched the webpage on our website and want to encourage all HVAC Designers to apply. This registry will be promoted nationally as part of the project and we hope to demonstrate capacity for increased requirement of HVAC design. The application form can be found here: [HVACDC-DesignerApplication.pdf](#)

If you have any questions please email admin@hvacdc.ca

Gold Sponsor - Nu-Air Ventilation

We are excited to announce a new Gold Level Sponsor at HVAC Designers of Canada. Nu-Air offers a range of heat and energy recovery ventilators (HRV and ERV) ranging 30-4000 cfm so is a single source partner for compact residential units up to custom roof-top H/ERV's. It's MURB offering features a family of low profile ERVs which are the industry's only products that are reversible out of the box. This innovation eliminates the need to design for, specify, and install mirrored model-versions, and makes it easy to substitute Nu-Air into existing plans with little or no adjustment to designs and drawings. The SE135E in particular exceeds 75% SRE requirements common to many jurisdictions nowadays and, like all it's ERVs requires no condensate drain even in the coldest climates. Since 1992 the company has been exceeding expectations for the reliability its products, customer responsiveness and industry-best lead times, shipping from stock or in a matter of weeks, not months.

We look forward to welcoming them later this year to present a Webinar on who they are and what they can offer our members. In the meantime, for more information - you can visit <https://nu-airventilation.com/> or contact Sonny Pirrotta, National Sales Manager at spirrotta@nu-airventilation.com.

Membership

We would like to extend a warm welcome to our new members: Jason Karadag, Kunal Patil, Siloni Waraich and Robin Wakelin.

As we continue to grow our organization, we would love for you to refer others in the industry to join us! You can share this link with them: <https://hvacdc.ca/designermembership/> or have them contact info@hvacdc.ca and we would be happy to help!
