

HVAC Designers of Canada Monthly Update

June 3, 2024

May Technical Talk

We had a great technical talk in May on Residential Depressurization and Critical Exhaust Calculations. For those who were unable to make it, a video recording of the presentation as well as the slides are available on the members only section of our website.

June Technical Talk

Join us on June 19th for our next technical talk "The Viessman Product and Engineering Team - Hydronics, North America" presented by Benjamin Jewell - Director, Product Management Hydronics, North America and Ken Burgess, Supervisor, R&D and Laboratory, Hydronics North America.

Have ideas, suggestions or requests for our upcoming talks? Please email us at admin@hvacdc.ca

HRAI Partnership

The Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) is pleased to announce a strategic partnership with the HVAC Designers of Canada (HVAC-DC). This collaboration, formalized through a Memorandum of Understanding (MOU) signed on April 30, 2024, aims to foster communication, cooperation, and collaboration to advance the HVAC industry.

A key focus will be cultivating a trained and qualified HVAC design workforce that reliably delivers quality design services for Part 9 buildings. We will work together to identify and act on opportunities to raise awareness of the importance of proper HVAC system commissioning and to improve industry practices that achieve better installed performance.

LEEP Mechanicals Forum

We wanted to share a LEEP Mechanicals Forum on Air Source Heat Pumps on June 18th from 7:45am to 12:00pm at the Ottawa Conference and Event Center. Please see the attached flyer for more information: [LEEP promo doc.pdf](#)

Membership

We would like to extend a warm welcome to our newest member: Dan Wood of DJ Wood Building Performance. As we continue to grow our organization, we would love for you to refer others in the industry to join us! You can share this link with them: https://hvacdc.ca/?page_id=81 or have them contact info@hvacdc.ca and we would be happy to help!

Upcoming Events *June Technical Talk* June 19th @ 2 pm
